HUGE LOSS FROM FOREST FIRES; TOWN DESTROYED

COBALT, ONT., July 6—Two deaths, destruction of the town of Millwood and loss of millions of dollars worth of timber in forest fires were reported here last night.

According to information, northern Ontario last night was menaced by fires in half a dozen areas. Several towns were threatened. A hundred men, workers in upland wood camp at Millwood, were said to be homeless. Fires are fighting back the flames systematically.

The mercury has been sizzling at the hundred mark for three days. It has not dropped below 90 degrees, even at night. Except for the absence of wind, weather conditions are similar to those which prevailed in 1911, when the Porcupine district was destroyed by fire.

QUEBEC, July 6—Forest fires were reported today from many sections of the province of Quebec, following news that flames were sweeping through the dry timber belt of northern Ontario.

Two bridges were burned at Breckville, Quebec, and other fires were destroying woodlands in the districts of Abitibi, Beauce, Saint Maurice river, Saguenay and on the northern shore at Shuter bay and Totmestock. Because of the long continued drought, the flames spread rapidly.

Dayton Street Cars Tied Up By Strike

DAYTON, O., July 6—Dayton today was held in the grip of its third street car strike in four years. Employees of all six city traction companies, with the exception of the city division of the Cincinnati and Dayton Interurban line, voted unanimously at 3 o'clock this morning to strike effective at once.

Automobiles and trucks did a heavy business in the early morning hours as the five hundred employees remained idle. No attempt has yet been made by the companies to operate cars by strike-breakers.

The city commission today is expected to pass an emergency ordinance authorizing fines. Repeal of the seven-cent fare ordinance, which was granted the companies when wages were increased to 62 cents an hour last year, is also a possibility.

Employees, justifying their strike action, claim that the companies have violated their agreement by announcing a new maximum wage of 45 cents an hour without arbitration. They claim an attempt is being made to break the power of the union and start an open shop policy.

Upholds Liquor Ruling

WASHINGTON, July 6—Despite diplomatic protest, Attorney General Daugherty has upheld the ruling of his predecessor that alcoholic liquors can not be transported across territory of the United States in transit from one foreign country to another.

No Women On Jury To Try Mrs. Kaber

Mrs. Eva Kaber, photographed in court during present trial.

"Insanity" is the defense of Mrs. Eva Kaber, widow of Dan Kaber, wealthy Lakewood, O., publisher, now on trial charged with his murder. The state is endeavoring to show that the murder, committed by two foreigners in Kaber's room at night, was coldly planned by Mrs. Kaber and her daughter by her first husband.

CLEVELAND, O., July 6—A jury to try Mrs. Eva Catherine Kaber on a charge of murdering her husband, Daniel F. Kaber, was obtained a few minutes after 12 o'clock today. There are no women on the panel.

The jury was immediately sworn in and will be taken to Lakewood this afternoon to view the home in which Mr. Kaber was stabbed to death, after which counsel will make statements of the case to the jury.

The personnel of the jury that is to try Mrs. Kaber follows:

Edwin L. Ford, clerk.
Frank W. Evans, electrician.
W. M. Warner, timekeeper.
Walter Bisher, salesman.
Joseph Halpin, steamfitter.
Thomas Burke, railroad brakeman.
Mark Chapell, laborer.
W. W. Beall, electrical worker.
John C. Martha, machinist.
Thomas J. Burns, machinist.
James M. VanTassel, lumber man.
Louis M. Faber, retired grain dealer.

NEW GUN WILL HURL PROJECTILE 300 MILES

NEW YORK, July 6—Scientists and inventors today discussed the remarkable qualities of a new gun, which Dr. Miller Reese Hutchinson, former chief engineer for Thomas A. Edison, claims may be developed to hurl a projectile of five tons from two hundred to three hundred miles. Its velocity, he declared, ranges from one to five miles a second. The noise it made at a demonstration yesterday sounded much like the click of a cash register, through the click of a cash register, through only a miniature weapon, with an eight inch barrel, was used. Its projectile may be stopped in a sheet of steel with the precision of a trolley car. The gun is the invention of John Temple, an Englishman, who developed the idea in this country.

The demonstration held in the presence of scientists and newspaper men, was, curiously enough, held in Dr. Hutchinson's office on the fifty-first floor of the Woolworth building. The testing grounds consisted of a box of sand on the floor of the office, over which was placed a sheet of steel, three quarters of an inch thick. Pointing the gun downward toward the fifty offices filled with people beneath him, Dr. Hutchinson dis-

TRAIN IS ATTACKED BY STRIKERS, SUPPORTERS

FITZGERALD, Ga., July 6—Three companies of the Georgia national guard were due to arrive here early today to take hold of the situation arising from an attack by alleged strikers and strike sympathizers on an Atlanta Birmingham and Atlantic railway train last night, during which W. T. Reed was mortally wounded. The attack which followed a week of strike disorders here, during which numerous shots have been fired railway employees who have taken to the places of strikers occurred at Smith's Mill, two miles from here and is said to have been made by strikers who have been on picket duty there for weeks.

Following the attack a cordon of fifty deputies was immediately thrown around the A. R. and A. shops here and although no further disorders occurred, county officials regarded the situation as serious and appealed to Gov. Hardwick for state troops. Three companies were ordered here last night.

Stocks Stage Comeback

NEW YORK, July 6—The stock market today experienced a sharp recovery from its recent heaviness after an initial period in which foreign oils were again extremely weak. In the early trading Mexican Petroleum was hammered down to 87 3/4, an overnight loss of 3 1/2 points and a new low record.

Pan-American Petroleum also fell to minimum prices for the current movement with a nervous and unsettled tone throughout the list.

Before noon, however, under extensive buying orders Mexican Petroleum rallied to 96 1/2, and other shares of the same class rebounded proportionately.

The recovery was accompanied by reports that steps were being taken to protect American and British oil interests in Mexico.

The marked dividend further strength from an upward movement in high class railroad shares under lead, of Louisville and Nashville, which showed a gain of 6 points at midday.

Independent steels, as well as equipments, motors and many other industries recently under depression, were higher by 1 to 4 points. Dealings were on an extensive scale, sales at noon exceeding yesterday's entire turnover.

Oils, steels, equipments, motors and rails registered highest prices of the session in the final hour.

Mexican Petroleum, Pan-American Petroleum, General Asphalt, Bethlehem and Crucible Steels, Republic Iron, Baldwin Locomotive, Studbaker and Transcontinental rails led the further advance.

The closing was strong with estimated sales of one billion shares.

Painters Ready To Accept Old Wage Scale

CINCINNATI, July 6—A meeting of the Master Painters' Association was called for today at its headquarters, Room 612, Johnston building, to consider a letter received from the painters' union. The painters, who have been on strike for several months for a wage increase from 87 1/2 cents to \$1 an hour, offer to accept the old wage of 87 1/2 cents, provided the employers enter into a year's agreement and agree that neither side shall be subject to the ruling of the Wage Board of the building industry. The master painters belong to the Wage Board and it is believed, are unwilling to withdraw from it.

The Wage Board does not approve of wage agreements for a year or any specified term, but fixes wages on a permanent basis, subject to change when living costs or wages change in Cincinnati or in other cities. The Wage board now is planning to reduce wages in all lines of the building industry. This, it is believed by master painters, will reduce wages below the old scale of 87 1/2 cents.

RELATIONS WITH JAPAN THE CHIEF OBSTACLE TO EARLY DISARMAMENT

BY DAVID LAWRENCE

(Copyright, 1921 by Times Pub. Co.)

WASHINGTON, July 6—For several weeks the Washington correspondents have been asking President Harding and Secretary Hughes for information concerning disarmament. What they have inquired, is standing in the way? To all has been given the same answer—a polite disclaimer to the effect that the matter is in any form beyond the general statement that informal feelers had been put out to learn the attitude of other powers.

Now, however, George Harvey, American Ambassador to Great Britain and President Harding's personal and official representative on the Supreme Council, has at last lifted the veil of secrecy and confirmed what has been suspected, but never officially admitted, namely, that our relations with Japan constituted the chief obstacle to immediate disarmament. Here are the words in Colonel Harvey's July 4 speech at London which convey more significance than any other utterance on the subject by spokesman of the administration:

Harvey Reveals the Secret

"For the first time in history the turbulent Atlantic has become a mill pond, particularly eliminated from considerations of dangers so far as naval warfare is concerned. There is ground for good hope, however, that whatever apprehensions exist of perilous possibilities on the Pacific may be dispelled sooner than is commonly anticipated. When, if at all, that splendid consummation shall be obtained in response to the apparently universal desire, disarmament will follow naturally and inevitably, and peace on earth will be assured for years at least, and it may be forever.

"Is this glorious aspiration too much to expect? Why should it be? Obstacles many and grave there are to be sure, but what are they? What can they be but barriers surmountable by a concert of

Hot Weather To Continue

Hot Spots In the State

The weather bureau reported the following maximum temperatures for this district yesterday:

Portsmouth 97.
Cincinnati 98.
Columbus 94.
Toledo 94.
Indianapolis 96.
Pittsburgh 94.
Cleveland 88.

COLUMBUS, O., July 6—No end to the heat wave is yet in sight for Ohio, according to an announcement today by the United States weather bureau. In fact, the weather in the eastern half of the United States was from 2 to 6 degrees warmer today than it was yesterday, although eastern and southern Ohio reported a drop of from 2 to 4 degrees this morning.

Slightly cooler weather is being experienced in the plain states today, but more warm weather was reported in the Rocky mountains. The weather bureau announced that the cooler weather in the plain states would have little, if any effect on the temperature in this part of the country.

In most cases, readings of thermometers at street levels registered higher than 100 degrees. Columbus last night experienced the hottest night of the summer, the weather bureau reporting an official temperature of 91 at 7 p. m.

WASHINGTON, July 6—While cooler weather prevailed today in middle Atlantic states, the weather bureau saw no hope of an early break in the hot wave that has the lake and central valley regions in its grip and predicted a return of the hot spell Thursday for the north and middle Atlantic states.

"There are no indications of a break in the heat wave in the lake region and the great central valley," the forecast said, "and temperatures will again rise in the north and middle Atlantic states Thursday."

Grand Rapids, Mich., reported a maximum temperature yesterday of one hundred degrees, equalling the high point of the previous day.

New Autos Built New Models Would Burn Coal Dust Of Cotton, Planned

CHICAGO, July 6—Automobiles built of a composition of cotton and operated with coal dust for fuel, are a possibility, according to Roger W. Rabson, statistician, who is visiting here.

"The principal factor in the decline of the automobile business has been the increase in the price of gasoline," he said. "The car of the future will be run by other fuel. Already the use of coal dust has passed the experimental stage."

"Lighter cars must be manufactured to cut down the cost of production and maintenance. A composition of cotton, formaldehyde and glue is being used to produce a material that may solve the problem."

Trotsky Placed Under Arrest By Lenine, Is Report

PARIS, July 6—Reports have reached here from quarters that demand notice, to the effect that Leon Trotsky, Russian soviet minister of war and marine, has been imprisoned by Nikolai Lenine, the soviet premier, following the congress of the third international. No confirmation of these reports from official or any other source, however, is available.

The third international began sessions in Moscow about a week ago, and it was announced that more than two thousand delegates from all over the world were present. Early in the session of the congress there were reports that Lenine and Trotsky had agreed to a compromise under which Trotsky would have a free hand in conducting the international world movement.

Advices received from Moscow, however, have not indicated any serious break between the Bolshevik leaders which would explain the reported arrest of Trotsky.

Two men snatched revolvers from the holsters of two constables on a street here this morning and shot the officers, who were severely wounded. The men who made the attack escaped.

A train on the way from Belfast to Londonderry was wrecked near Donnybeg, County Tyrone, last night, rails having been removed from the track. There were no casualties, but cars carrying Belfast goods were burned.

Wets Plan To Continue Campaign

NEW YORK, July 6—Organizers of the Independence day anti-prohibition parade on Fifth avenue announced today that members would be furnished with names of commercial houses that favor prohibition and would be asked not to deal with such houses. The organization intends going into politics also. It announces that it will support "wet" candidates for national, state and local offices.

JAPS AND KOREANS IN FIERCE BATTLE

SEOUL, KOREA, July 5—Reports have reached Japanese military headquarters here that a battle has occurred on the Siberian border between Japanese and Koreans, in which five hundred Koreans were killed or wounded. Several thousand malevolent Koreans are alleged to have joined the Siberian Bolsheviks.

Heads Air Mail Forces

Carl F. Egge.

Carl F. Egge of Minnesota has been appointed general superintendent of the air mail service. He took office following the first week in which 100 per cent service was rendered by the air mail planes.

FIVE MEN TAKEN FROM HOMES SHOT

BELFAST, July 6—Five men were taken from their homes in the district of Newry, forty-four miles south of this city, this morning and were shot. Their bodies were left in a heap by the roadside by the men who had put them to death. A school teacher, Miss McAnuff, was shot and killed at Newry, while attempting to shield her brother from an attack.

Two of the dead men were brothers, and were sons of former Sergeant of Police Reilly. This was the most serious incident that has occurred in the Newry district since the disorders have begun in Ireland.

Two men snatched revolvers from the holsters of two constables on a street here this morning and shot the officers, who were severely wounded. The men who made the attack escaped.

A train on the way from Belfast to Londonderry was wrecked near Donnybeg, County Tyrone, last night, rails having been removed from the track. There were no casualties, but cars carrying Belfast goods were burned.

Johnson In Denmark

COPENHAGEN, July 6—William E. (Bossfoot) Johnson, the American prohibition campaigner, arrived here today. Mr. Johnson comes to give assistance in the drive for national prohibition in Denmark.

THE TIMES' WEATHER MAN

Heat Claims Many Babies

CHICAGO, July 6—Chicago babies died last week at the rate of fourteen a day, a 15 per cent greater infant mortality than a year ago. "The increase is ascribed to the heat by the health department. Four deaths of adults here yesterday were attributed to the heat. The weather bureau offered no immediate relief.

Said He WAS "HOME SICK"

COLUMBUS—Caught a half hour after he had made an escape from the Ohio penitentiary brick plant at Junction City, Ralph Lewis, said he was "home sick." He is serving a sentence on charge of stealing a motorcycle.

AIRPLANE FALLS, OCCUPANTS UNHURT

NEWARK—Three men narrowly escaped death at Buckeye Lake, near here, when an airplane in which they intended to fly to Chicago fell soon after they left the ground on account of the motor cutting out.

WARSHIPS, MUNITIONS ARE SENT BY BIG POWERS

LONDON, July 6—Great Britain, France and Italy may be compelled to adopt extensive and concerted measures against the Turkish Nationalists. It was declared by a number of London newspapers this morning. Reports that the Nationalists have actually penetrated the neutral zone east of Constantinople and along the sea of Marmora have not been confirmed, but there is reason to fear that they are concentrating forces to attack Constantinople. The situation has given rise to serious anxiety, and the allied high commissioners at Constantinople have been conferring with General Harrington, commander of allied forces there, regarding steps to be taken in the event of a probable advance by the Nationalists.

General Harrington will have no alternative but to resist a Turkish advance in the utmost for the purpose of securing respect for the neutral zone, which was established by the entente, and insuring free navigation of the straits in accordance with the terms of the treaty of Sevres.

Should hostile action be necessary, British naval forces may be employed in opposing the Turks, the London Times stated today.

Connected with the situation arising from the concentration of Nationalist troops around Lemnol and farther north in Asia Minor, is a supposed Bulgarian intrigue to recover western Thrace, which Bulgaria lost as a consequence of the war. It is asserted Italy, Rumania, Jugoslavia and Czechoslovakia have already signed a convention which would check the Bulgarian plans. Rumania, Jugoslavia and Czechoslovakia form what is known as the "little entente," and, by virtue of the treaty of Rapallo and subsequent understandings, Italy is believed to have become sponsor for the "little entente."

Rumania is believed, said the Daily Mail today, to have offered fifteen thousand troops to aid the allied forces in Constantinople, which are estimated at ten thousand British, including a number of Indian organizations, and five thousand French.

MALTA, July 6—Virtually the entire British Mediterranean fleet with all the attendant ships, including the aircraft vessel Tegus, is enroute for Constantinople, where the situation is viewed with some anxiety. It is said that British military reinforcements also are going out from England.

Never before has the harbor of Malta been so empty. Even the reserve ships here are destined for the east, and the vessels which recently sailed in that direction have carried large supplies of munitions.

Meet All Day Sunday

The Swanton Valley Sunday School will hold an all day meeting in Liberty Park, W. R. Beatty's Grove Sunday July 10. This grove is two miles north of Sciotoville. All Sunday

Schools of the county are invited to enjoy the big out door gathering. There will be several speakers on the program. The committee in charge will have free lemonade for all.

MANY ARE ENJOYING G SPLASH PARTIES

Miss Katherine Smith, swimming director at the Y. W. C. A. pool in the Auditorium, announces that the attendance at the classes since the opening has been good, with a fine showing of interest in this satisfying recreation. Many persons are taking lessons and are progressing splendidly. While others go in for plunges at various times. Last evening there was an attendance of twenty-five at the evening class. The hours for Thursday and Friday have been made from 2:30 until 9:00 p. m. and those who

care to may go in for a plunge at any time during these hours. The water is in excellent condition and is kept at a temperature which is particularly invigorating. Miss Smith is very anxious to make July a record month, as the continuance of the classes will depend upon the attendance during this time. Miss Smith will have for her guest this month, Miss Katherine Kelly of Terra Haute, who is said to be one of the best swimmers in Indiana, and who will assist Miss Smith in her classes at the "Y" pool.

WILL PUT DOWN WELL No. 2

Trustees of the Children's Home, at a meeting Wednesday, awarded a contract to the Powers Drilling Company of Ironton to sink a new well on the home grounds near Wheelersburg. This well, with the one recently put down, will furnish the home with an adequate supply of water.

MUST SERVE MINIMUM TERM

The Act passed by the recent General Assembly relative to indeterminate sentence to the Ohio penitentiary became effective Wednesday. The Act which amends section 2165 of the General code provides that "Courts imposing sentences to the Ohio penitentiary for felonies, except treason and murder in the first degree shall make them general, but they shall fix with the limits prescribed by law, a minimum period of duration of such sentences." The Act further provides that "All terms of imprisonment of persons in the penitentiary may be terminated by the Ohio board of administration, as authorized, but no such terms shall exceed the maximum term provided by law for the felony of which the prisoner was convicted, nor be less than the minimum term fixed by the court for such felony." Prosecutor Sheppard interprets the new law to mean that the prisoner sentenced for felony must serve the minimum term fixed by the court before becoming eligible for release on parole.

NOTICE

Dr. J. S. Rardin has received the vaccination serum for use in vaccinating citizens who intend to attend the Citizens' Military Training Corps at Camp Knox. It is better to be vaccinated before going to Camp. The vaccination is against typhoid fever and smallpox. Local applicants should present themselves at Dr. Rardin's office at 5 o'clock Thursday evening. Times for filing applications for camp is up to July 9.

Capture 38 Frogs

Charles Ruhlman, Frank Gasco and Leo Krieger captured 38 large frogs on an expedition to Brush Creek in the vicinity of Otway.

MANY ENJOYING VACATION SCHOOLS

The Daily Vacation Bible Schools assumed a more normal aspect this morning, when many of the youthful celebrators returned to their respective schools after an extra holiday. They are now looking forward to the big Athletic Meet to be held at Turkey Creek on Thursday 11. M. July 14. Each school is hoping that it may carry off the most honors of the eventful day. Those who were in attendance upon Tuesday are anticipating the free auto ride if nothing prevents their perfect attendance during the remainder of the two weeks.

HILL TOP

The pennant goes to the Hill Top for both Tuesday and Wednesday. All are watching to see who will permanently win it. With one hundred in attendance this morning, Rev. Severinghaus most appropriately told the story of the "Lost Sheep." This was followed by a real story of a "Lost Boy" by Leslie Severinghaus. The new song for the morning was the "Glory Song."

A conference of the teachers will be held this P. M. to plan the work for the remainder of the course.

SECOND PRESBYTERIAN

The little soldiers marched in singing "Onward Christian Soldiers" and afterwards joining in giving their flag salute and singing "America." Rev. H. A. Wright gave an exceptionally interesting talk upon character building using the story of "Jonathan" as a basis. The applause meant a hearty invitation for his return.

turn. The singing of "Stand Up For Jesus" meant more to the children than heretofore. The manual work is progressing nicely. The older girls have almost finished the dresses they have been making. They are looking forward to dressing a large doll which will be sent to a children's hospital.

NEW BOSTON

Never a bit downhearted over the defeat by the West Enders, the children came trooping in with a spirit of determination to win next time. The singing in charge of Rev. Allbaugh was exceptional. "Sweet By and By" rang out and then callisthenes were combined with "Battle Hymn of Republic" with splendid results. Sunday school teachers will need to be on their guard next Sunday for the children are being carefully catechized on the "Life of Saul."

Mr. Floyd was a most welcome visitor giving a pointed talk on success or failure being due to right or wrong use of brains. The capable Mr. Adams gave another of his most interesting talks. No child can forget his Bible Geography after this course. New Boston, true to its name, always has something "new."

WEST END

An exceptional victorious spirit was displayed over the victory upon yesterday and the same showed forth in the singing of the morning. Another stanza of "Jesus Lover of My Soul" was learned. This song to the tune of "Refuge" is a favorite with all. Shouts of merriment attracted the

attention of many a passerby at the First Presbyterian Church Tuesday P. M. They peered in to ascertain the cause of the glee and found that a group of healthy youngsters were having a most enjoyable time playing in the cool gymnasium. Miss Grace Irwin, the city supervisor, assisted by Miss Margaret Lauffler directed the children in their play. All joined in that good old game "Farmer in the Dell." This was followed by "Line Tag," "Three Deep," "Squirrel in Trees," and others of like nature. Many of the stunts for Field Day were laughed. The paring cry was "Let's have another play-hour!"

FIELD DAY FEATURES

Besides a ball game between two of our famous ball teams, the Athletic Committee have decided upon the following events: 50 yard dash, Potato Race, Sack Race, Three-Legged Race, Stone Race, Baseball Throw For Distance, Hopping Race, Fetch and Carry Relay-Team. Practically the same contests will be given for the girls, while both boys and girls will participate in a Needle and Thread contest. The affair will close with a grand scramble for pennants. A special honor is to go to the school winning the most points.

John G. Smith Lands Appointment

John G. Smith, former city policeman, who lives at 1527 High street, was notified Wednesday of his appointment by Don V. Parker, state prohibition commissioner, as one of the new state prohibition enforcement officers. There were originally eight such enforcement

ment. The position carries with it a salary of \$200 a month and expenses and Mr. Smith, who will report at Columbus Thursday to take up his new duties, was congratulated by his legion of friends throughout the city on landing the job.

CHILD HIT BY STREET CAR DIES

Edna Ginn, three year old daughter of Mr. and Mrs. Collis Ginn, of 3168 Walnut street East Portsmouth, who suffered a fractured skull, broken nose and multiple cuts and bruises when struck by a street car in front of her home about 7:30 o'clock Tuesday morning, died at Schirman hospital at twelve o'clock today. The complete fracture of the skull suffered by the child

made recovery impossible. Had she recovered she would have probably suffered mentally and her face would have been disfigured. The child's nose was almost torn from her face. Mrs. Ginn is in a serious condition as a result of the accident and death of her child. She had not fully recovered from a sick spell following the death of a six month's old child about two weeks ago and this shock

has caused her condition to take a change for the worse. Mr. and Mrs. Ginn and their only other child, Ethel, a son seven years of age are now at the home of her parents Mr. and Mrs. J. M. Hackworth, Eleventh and Clay streets. The remains of the child who died today will be taken to Vanceburg Thursday for burial.

NEW TIPPLE COMPANY INCORPORATED

The Alsbaugh-Williams Company of this city was incorporated today at Columbus for \$30,000. The incorporators are James Alsbaugh, Graves Williams, Paul Williams and Forest Williams. The company has been organized to lease, sublease and construct for use, sublease and construct for use, new sand drier and tipple which is being patented by James Alsbaugh. The invention is a sand drier and tipple run by air and electricity. It dries lifts and separates with the one operation and is said to be an improvement over the old tipple where the sand and gravel has to be handled several times to grade it. The company will construct further experiments before leasing of constructing a tipple.

Arrested late Tuesday night and brought to the county jail on a warrant charging a statutory offense, Rev. Jacob Adkinson, 25 years old, of Slab Run, West Side, pleaded guilty when arraigned in Municipal court Wednesday after hearing his story Judge Sprague decided that the acts complained of did not come within the

purview of the statutes and dismissed the defendant after allowing him to change his plea to not guilty. Rev. Adkinson, who stated that he was a minister of the United Baptist faith, frankly admitted having illicit relations with Mrs. Doshia Riser, pretty young wife of John Riser, of Dry Run, who filed the complaint.

TWO DEGREES COOLER

It is getting cooler. Now just a minute this is true. Here are the figures to back up this audacious statement. Monday the official temperature was 99, Tuesday it was 97 and today Weather Observer Dr. H. A. Schirrmann said it was 95.

So you can see that it is getting cooler. But it would be hard to make any one believe it is getting cooler after the city sweated through another sweltering hot day. A good breeze was in evidence today and this somewhat tempered the burning rays of Old Sol.

PUT IT UP TO DEMPSEY

LOS ANGELES, July 6.—Captain J. McCaw, a wealthy clubman, formerly with the British air service, and now of Pasadena, has sent a telegram to Jack Kearns, manager of Jack Dempsey, asking if Kearns would accept an offer for Dempsey to meet Jack Johnson, Labor Day, half the receipts to go to the fighters and half to the American veterans of the world war, he announced today.

NEW YORK, July 6.—The public now have a Dempsey-Johnson match if it wishes, but I believe there is no demand for the bout now or in the near future," Jack Kearns, manager of Jack Dempsey said today on learning that Captain J. M. McCaw, of Pasadena, had offered the champion a guarantee of two hundred thousand dollars to box Jack Johnson on Labor Day.

Kearns stated that he had drawn no color line on behalf of the champion, but suggested that Johnson should meet Harry Wills or another leading negro boxer before being considered for a championship match. He added that he would demand the posting of heavy forfeits in case the match were made.

Dempsey, who now is enroute to his home in Salt Lake City to visit his parents, is expected to return to New York in ten days.

Who Was Man With Towel?

CHICAGO, July 6.—Jack Dempsey, who arrived here today for a short visit on his way to his home in Salt Lake City, said that two men mysteriously put in their appearance in his room in the third round of his fight with Carpenter last Saturday, with the intention, he believed, of throwing a towel in the ring to create a disorder.

"One man had a towel in his hand," said Dempsey, "and by friend Mike Trant questioned them. The men told

Placed Under Peace Bond

Ekorn Ferguson, a well known colored man, was found guilty making threats to injure Mrs. Nettie Freeman, colored, 1146 Thirteenth street, at his hearing in Municipal court Wednesday and Judge Sprague required the defendant to give a \$300 bond to keep the peace, particularly toward the complainant, who declared that she feared Ferguson would carry out

the evidence disclosed that the parties had trouble over \$10 which Ferguson claimed the woman owed him and refused to pay. Ferguson denied making threats and asserted that the only times he had visited the Freeman woman was at her request. He claimed that she had accepted presents from him but she denied his statement.

Will Apply For Charter

At the regular meeting of James Dickey Post, American Legion, last night the application of 29 women relatives of ex-service men who are members of the local Post who have signed a petition asking for a charter for an

Auxiliary. It is only necessary to have ten names on such an application. It was decided. It was decided not to hold any more meetings this month on account of the hot weather.

Accidental Drowning Verdict

Accidental drowning was the verdict of Coroner Dr. J. D. Hendrickson when he viewed the body of James Floyd, 10 year old son of Mr. and Mrs. Floyd of 1134 Tenth street who was drowned in the Scioto river Tuesday afternoon. The body was examined by the Coroner about 3:30 o'clock and he ordered the body removed to the

Winkel morgue where it was prepared for burial. The body was removed to his home this afternoon. Funeral services will be held at two o'clock, new time Thursday afternoon at the home with Rev. J. H. Smith of the Beulah Baptist church in charge. Burial will be in Greenlawn.

City Briefs

The company from the Gallia street fire station responded to an alarm from Ninth and Offshore streets at six p. m. Tuesday to put out a blaze caused by a short circuit in an Oakland roadster automobile. The flames were extinguished with a trifling loss.

Hazelbeck will insure you.

Mending guilty to charges of stealing a number of kewpie dolls from a tent at the street fair when arraigned in Municipal court Tuesday, Frank Craycraft and Pat Wallace were ordered by Judge Sprague to pay a fine of \$20 each.

Death Claims Miss Pierceall

After a two year's illness of paralysis death Tuesday noon claimed Miss Clara Pierceall the final summons coming at the home of her mother, Mrs. Mary Bibbs 1122 Twelfth street. Miss Pierceall was stricken about two years ago. The stroke was on her right side at that time. Monday she suffered another serious stroke.

Miss Pierceall was a native of Kentucky and was 44 years of age. She had been a resident of Portsmouth most of her life coming to this city when a girl. She had worked in a number of the prominent homes of this city as a domestic.

Surviving are one sister Miss Pierceall of Columbus, two nephews, Oscar Bibbs of Toledo and Willard Bibbs of Huntington and three nieces, Mary, Huberta, and Mildred of this city.

Miss Pierceall was a member of the Findlay street M. E. church. The funeral will be held at the home, probably Friday afternoon at two o'clock. Final arrangements to be made tonight with the arrival of relatives.

Tomorrow afternoon on the Ted park diamond the grocery nine headed by Ben F. Stewart and Henry G. Hobbs will again meet in battle on the third time this season. Each team has annexed a game and tomorrow will decide the series of three. The managers have made a change in the lineup and this Thursday's game should see a better contest than the two previous games.

McCULLOCH TEAM BEAT McDERMOTT

MCCULLOCH, O., July 6.—Little did that famous and well known ball team of McDermott realize as they left their home grounds Sunday, July 3rd, to come to Portsmouth, that they had learned was so insignificant in the ball sporting world, that it could scarcely be noticed but as the contest opened it was plainly to be seen by the many spectators that the joys and anticipations which they expected from the defeat of this Wildwood team was clouded with a demoralizing effort. As the game opened at 1:30, Throckmorton, the star pitcher who has as yet never suffered defeat at his important post, did excellent work for the boys of the Wildwoods as well as Bob Crabtree who acted as catcher and did his work with the utmost praise of all present. The game was 6 to 3 in favor of McCulloch.

In Defense of Corsets.
Sir James Castle, the great surgeon, and authority on tropical diseases, is a warm defender of corsets. In his opinion the comparative absence of liver troubles in women is due largely to the equable temperature their bodies obtain through wearing corsets. And more boys than girls die in childhood because the former do not wear corsets. He urges men to wear cholera belts—a strip of flannel around the waist—to give them the protection that corsets give to women.

New Boston Has A Real Fire Company

New Boston now boasts of a fire company consisting of a chief and four firemen, the organization of the department being completed last night at the regular meeting of the village council when mayor J. S. Davis made the five appointments.

Raymond Hayslip, Republican resigned as Councilman in order to accept the position as fire chief which Briggs and A. D. Fitch. The firemen are Martin Slaughter and Ray Brown. Their assistants will be John Bridges and A. D. Fitch. These firemen will receive \$100 per month.

This crew of five is expected to handle the new fire truck in such a way that it will always be ready to respond to an alarm. Fitch and Briggs have been working on the old fire truck while Brown and Slaughter are experienced with the working of auto trucks.

J. V. Thomas, the only Democrat in the Council also tendered his resignation explaining that increasing age and real estate business demanded all of his time and attention. W. I. Davis, Democrat who has served several terms as Marshal was appointed to fill Mr. Thomas' chair. Mayor Davis also appointed Lawrence Fitch as the Republican Councilman to take the place of Raymond Hayslip. Fitch is a former councilman and at one time was Mayor of New Boston.

A resolution was also passed authorizing the purchase of 450 feet of fire hose. The clerk and fire committee was also instructed to get in touch with the Athens-Fox fire truck people relative to the 1,000 feet of fire hose sent with the truck Council ordered. Dargan hose made by the Eureka fire hose people and in its place the fire

truck people sent Goodrich hose which the village does not intend to accept.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woe, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise—I want to know what causes gray hairs so young? I know it isn't because I worry and I know it isn't because I am so old. People twice as old as I haven't a gray hair in their head. They are mostly short hairs around my face. What is good for them? My husband is bald-headed. Is there anything that will make hair grow? Thanking you for your kindness, I am, yours truly, ANXIOUS.

I usually a diseased condition of the scalp prevents the proper nutrition and hair will turn white prematurely. If this is the case the white hair will be found in all parts of the head instead of in one streak or spot. Have a hair-dresser recommend a course of treatment and a good tonic. I can recommend anything to make the hair grow, as it is contrary to the nature of a diseased scalp to advertise. Have a hair-dresser recommend something for your husband.

Dear Miss Wise—I am eighteen years old and am married. My husband is not home nights until twelve o'clock because he works. There is another man who comes to see me. One night he stayed too late and was caught by my husband. My husband said if he ever caught him there again he would leave me. What would you advise me to do, quit having this other man come to my home or leave my husband?

It is not honorable to receive the attention of the other man. Respect your husband's wishes, of course. Your husband is working in order to provide a living for you and you ought to appreciate his efforts enough to be true to him.

Dear Miss Wise—I am a girl of nineteen and I love a man of twenty-nine. I know that he loves me. He was married once and divorced about three months ago. I have been out with him several times and he has asked me to marry him, but I haven't consented. I love him and I can't give him up. Will you please advise me?

THANK YOU.
When a man is divorced it is evident that he has failed to make one woman happy. Then the question arises as to whether he will be able to make a second wife happy. Very often a divorce results from the union of two natures which are very inharmonious. The first marriage fails, while the second choice of mate is wiser. Only too often, however, a person is too selfish to be happy in any marriage. I would let time test your regard for each other. If you care as much at the end of a year as you do now, you will have reason to think that your natures are congenial.

Respectfully Yours—If you want to file application for a patent, a copy of Rules of Practice containing forms and instructions will be sent upon request from the patent office at Washington. It is advisable, however, in every case, that the services of a competent patent attorney be secured, as the value of the patents depend largely upon the skillful preparation of the specification and claims. Applications must be made in writing to the Commissioner of Patents, Washington, D. C.

Blond—If the condition of the children's hair is as bad as you say, would be well to have it cut so that it could be treated properly. A detergent will prepare the proper solution for you and tell you how to use it. The hair may be colored satisfactorily with the soap you mention.

Watch One Corn end in this way—then decide

Learn now the right way to end corns.
Apply Blue-jay—the liquid or the plaster—to one corn. Mark how the pain stops. Watch the corn, in a little while, loosen and come out.
Stop paring corns—it is dangerous. Put aside the old, harsh treatments. Try this new way at once.
Blue-jay is the scientific

method. A famous chemist invented it. This great surgical dressing house makes it. Countless people use it. Blue-jay is ending not less than 20 million corns a year.
A touch applies it. The action is gentle, the results are sure and final.
Fairness to yourself requires that you try it if you ever suffer corns.

End other foot troubles
To keep the foot in proper condition, bathe them with Blue-jay Foot Soap. It checks excessive perspiration. It keeps the foot cool and comfortable.
Then use Blue-jay Foot Relief, a soothing, cooling massage for itching, burning and tenderness.
A final luxury is Blue-jay Foot Powder, an antiseptic, deodorant powder that keeps feet feeling fine.

Pays Big Fine

"I always thought if the doctors couldn't help my stomach and liver trouble, nobody else could. It has cost me nine hundred dollars and I have paid my fine. It remained for May's Wonderful Remedy to do the trick. I have been in the best of health since taking it more than a year ago." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and delays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. A WIFE IN THE MAKING

BY PHYLLIS PHILLIPS

A HAPPY START
Bright and early the next morning Cherry sprang from her bed, rubbed her eyes, stretched her arms wide above her, then with a happy laugh turned and shook her sleeping husband gently. Ned groaned once or twice, grunted, then opened his eyes and blinked sleepily at his wife.

"Lo, lady-bird," he murmured, then he blinked again as he heard Cherry's laugh, now close to his ear.

"Makes you mighty happy this new idea of yours, Hon. Hope you stay that way ever so long."

"I am happy, dear, and I feel just like I used to when mother came in of a morning to call me—alive and full of energy—and everything."

"Kiss me, lady-bird, and then let me have just forty winks more," commanded her husband, as he puckered his lips and smiled through his eyes at her.

Cherry did so, many times, then she patted his cheek as she pulled herself away from his arms and out of bed.

"Only forty winks, now mind, Neddy. You simply must tell me which dress to wear for the great occasion, dear; so when I've had my bath and dressed I'll call you again."

When Cherry came back from her morning tub she found her husband sitting up in bed awaiting her.

"Here they are; now which do you advise for Wellsburg's greatest designer, no dear?" she questioned as she held up several dresses, one after the other, for his inspection.

"Hon! They're all so all right it's hard to choose, but I sort of see that lavender one on you today, lady-bird," indicating a lavender checked gingham with a fetching bow in the back, and frilly, white collar and cuffs.

"Yep, that's it. And that pretty lavender hat you made yourself last week to finish the picture, is my advice," he finished.

Cherry made him a low bow of thanks.

"Your wishes shall be executed to the last detail, my lord. And I'll say you have some taste. Neddy, I just feel like crying for joy. Did you ever feel that way?"

"Yep, once. The day you said you'd be my wife."

Here there was a rush for Cherry and a warm pair of naked arms enveloped Ned Randall in an embrace.

From reports a party of councilmen and city officials that visited School Land Hollow, above New Boston, now a part of the city, on an inspection trip last Sunday had a strenuous time. After an arduous trip in an automobile the party finally landed at the head of the hollow, described by some of the officials as wild as the roughest part of territory to be found in the Twin Creek district, only to discover that the river would not move an inch by reason of the gas supply having been exhausted.

The stranded officials were told by the natives that of "moonshine" would help them out they would be glad to bring on a supply but the offer was not accepted. In desperation the party finally secured two quarts of kerosene from a man that lived two miles away and with this fuel succeeded in reaching civilization again.

Smuts Reports To Lloyd George On Conference

LONDON, July 6.—General Jan Christian Smuts, the South African premier, upon his return from Ireland this morning, after his conference with Eamon DeValera and other Irish republicans in Dublin, yesterday, conferred here with Premier Lloyd George, Sir James Craig, the Ulster premier, and Earl Midleton, the southern Unionist leader. General Smuts reported the results of his talks with Sinn Fein leaders on the Irish situation.

The conference was surrounded with the greatest secrecy, but it is understood in well informed quarters that it primarily concerned itself with conditions for the possible suspension of hostilities in Ireland. Official circles expressed belief that a cessation of active operations is almost indispensable as an aid to progress in the peace deliberations.

The feeling generally that today's conference would have a marked influence on the negotiations to be resumed in Dublin Friday between Eamon DeValera, the republican leader, and representative southern Irish Unionists.

Premier Lloyd George presided over today's conference. Among the conferees were also Sir Hamar Greenwood, chief secretary for Ireland; Lord Birkenhead, the lord high chancellor; Edward Shortt, the secretary for home affairs, and A. J. Balfour, lord president of the council.

Sir Horace Plunkett later joined the conferees. This gave rise to still further hopes for favorable results from the conference in view of Sir Horace's position in Irish affairs.

COURT HOUSE

Delegation Before Commissioners
Four delegations were before the County Commissioners Wednesday seeking improvements to roads and bridges.

Charles Hayward, Will Sheppard and Joe Smith, trustees of Vernon township, sought financial aid for the repair of roads and bridges in their bailiwick and William Taitman desired the repair of a bridge and a coat of gravel for a road in the vicinity of his home in Rush township near McDermott. G. B. Distlerick asked the board to make repairs to a bridge on the Powellville pike and Charles Roland of Duena Vista, appealed for some repairs to the Ohio river road.

The board took the petitions under advisement.

SOUND ADVICE

The BASIC TEST of a man is his ability to manage HIM-SELF. Until we learn to do this we can't expect to make any REAL PROGRESS. SYSTEMATIC SAVING is indeed a TRUE BASIC TEST.

Ruth Robbed Of Second Homer

NEW YORK, July 6—Babe Ruth would have been credited with two home runs instead of one in the box scores published today had not an enthusiastic fan tried to catch the ball yesterday. Ruth's high drive mingled with the clouds and was descending just on the edge of the right field stands when the fan jumped up and diverted the ball into the field instead of clamping it in his hands. Ruth was on third base, but Umpire Connolly sent him back to second under the ground rules.

Ruth has 31 homers to his credit, with New York yet to play three games before reaching the half way mark of the season. At this rate the Yankee slugger would hit at least 64 home runs, ten more than last year.

Who says that "bargain" tires are what the people want

MOST everybody knows the easy-going sort of man who never takes a tire seriously until he gets a blow-out.

How long he will resist universal tire education is a question.

But this is sure—

More people are finding out every day that between leaving things to luck and getting real economy there is a big difference.

Many a car-owner has come to U. S. Tires because he couldn't afford to keep on paying that difference.

Probably seven out of ten users of U. S. Tires came to them only after they'd had enough of "discounts," "bargain offers," "clearance sales of surplus stocks" and other similar appeals.

They have found economy—and they stick to it.

They pay a net price—not "something off list" that may not mean anything in the first place.

They get fresh, live tires, being made and shipped while this message is being written.

No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch.

U. S. Tires keep moving.

No opportunity to get old and dried out. No shifting here and there trying to find a market.

Every U. S. Tire a good tire, wherever you find it anywhere in the country.

Because the U. S. policy is a good policy that serves the car-owner all the time.

Doing the very best for him that human good faith can do.

THE U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire Line.

How Nuxated Iron Helped Put Me In Such Superb Condition As To Enable Me To Whip Carpentier

JACK DEMPSEY
"TIGER OF THE RING"

Tells a Secret Of His Training—
Advises People Who Are In a Weak-
ened, Rundown Condition To Use
Nuxated Iron To Increase Their
Strength, Vigor and Vitality

Today, recognized as the physical superior of any living man, the superman of the age, Jack Dempsey, heavyweight champion of the world, explains below the part Nuxated Iron played in helping to prepare him for the two supreme tests of his career. First he used Nuxated Iron as a part of his training to increase his strength and endurance in his decisive smashing victory over the mighty Willard, who had never before been knocked from his feet. In this battle Dempsey displayed a dynamic overwhelming strength and power never before known in the history of the ring; and now again in his phenomenal victory over Carpentier he displayed that same indomitable force and nerve never before seen in any human being. The fact that Dempsey took Nuxated Iron as part of his training for both Willard and Carpentier is convincing evidence of the importance it attaches to keeping his blood rich in strength-giving iron, and the high regard in which he holds Nuxated Iron as a master strength and blood builder.

In a statement made in his headquarters in New York after the fight with Carpentier, Dempsey said: "A couple of years ago in preparing for my big fight with Jess Willard I took Nuxated Iron, and after I took it for a short while I was positive I could stand harder strains with less fatigue than before, and I firmly believe that Nuxated Iron put added power behind my punch and helped me to whip Jess Willard and thereby win the world's championship at Toledo. After that time when I started to train for the international championship bout against Carpentier I resumed the regular use of Nuxated Iron, feeling positive that it would help give me that rugged strength, endurance and power that is of greatest importance in contests of this kind, because, other things being equal, victory always goes to the strongest man. In this I was not mistaken as Nuxated Iron again came to the front at the time I most needed it, and I am sure that it played an important part in getting me into the fine physical condition as to enable me to win so quickly and easily in my battle with Carpentier. Before the fight I had heard so much of Carpentier's great skill and the ease with which he had defeated all the noted heavyweights of Europe

And Win The
World's
Championship

Important Statement of Jack Kearns, Manager for Dempsey

"Knowing the benefits that Dempsey had derived from the use of Nuxated Iron in training for his contest with Willard, I strongly insisted that he must again use this product as part of his regular training for his battle with Carpentier, and from the results which Dempsey has obtained from the use of this product in both his phenomenal victories over Willard and Carpentier, I strongly advise people who are in a weakened rundown condition to try this wonderful strength and blood builder."

that I felt I might have a little royal on my hands; but I found him even easier for me than Willard, and I felt practically as fresh after the fight as when I started."

It should occur to every thinking person that if a man is physically fit as Dempsey should consider it advisable to take Nuxated Iron, in training for his battles with Willard and Carpentier, how much more important it is for the average man or woman to see that there is no lack of iron in the blood or nerve force in the nerves. Thousands of men and women are weak, rundown and old before their time, their nerve force shattered and their health wrecked simply because they have allowed worry, overwork, grief, constant nervous strain and excesses of various kinds to strip the vital nerve fluid from their nerve cells and the iron from their blood. In such cases one may not only suffer from terrible physical tortures such as great nervous irritability, heart palpitations, indigestion, splitting headaches, pains across the back, dizziness, sleeplessness, extreme weakness etc., but the mind is naturally more or less affected, the memory becomes poor, the judgment bad, and such often results in business failure and may even cause the sufferer to commit suicide or lead him to an asylum.

Many a capable man or woman falls just short of winning success and happiness in life because they do not back up their mental ability with the physical strength, energy and endurance which comes from

usually take Nuxated Iron may therefore be termed both a blood and nerve food as it feeds strength-giving iron to your blood and the principal chemical ingredient of active living nerve force to your brain and nerve cells.

MANUFACTURER'S NOTE: From the above article the reader must not infer that Nuxated Iron will make a slant in strength or a world's champion out of the average man; but Nuxated Iron will increase the red blood count and by doing so greatly increase your strength, power and endurance, and supply blood nerve force to the starving nerve cells. You can try Nuxated Iron on an absolute basis, and you will find it increases your strength, power and endurance in two weeks' time and gives you positively the best of health. Nuxated Iron for the blood and nerves is sold by all druggists.

Ironton Wins Case Against Gas Company

IRONTON, July 6.—City Solicitor G. E. Irish received a telegram yesterday morning from Strickler & Johnson, of Cincinnati, two of the city attorneys in the gas rate utilities commission's attitude case, stating that the public in dismissing the gas rate increase had been sustained.

The case was that of the City of Ironton against the United Fuel Gas Company, an action seeking to restrain the company from increasing the gas rate to local consumers from 25 cents to 40 cents per thousand. This case was decided in favor of the city, the validity of the old franchise contract between the city and the company being upheld by the court.

The gas case decision means it is decided as it is reported that the company will be required to refund to the various gas consumers, the difference between the old rate and the new rate, which was put into effect in December 1919. The company had made payments amounting to over \$30,000 up to nine months ago in accordance with an order of the court requiring the protection of consumers while the rate was in dispute, but since that time, through negligence on the part of some one, the gas company has failed to make payments and as a result it is estimated that about \$60,000 or \$70,000 still remains to be paid.

Carpentier Drinks Toast To His Conqueror, Jack Dempsey

NEW YORK, July 6.—Georges Carpentier and Francois Des Camps, his manager, were guests last night at a dinner given to visiting French and British sport writers by the Editor and Publisher. Tribute was paid to the sportsmanship of the American press and public by Don Benson, of the London Daily Telegraph, speaking for the British writers, and Victor Litzyer, boxing critic of Echo De Sports.

Carpentier responding to a toast in his honor, tendered one to Jack Dempsey, his conqueror.

"For the past ten years it had been my ambition to box the world's championship," he said, "but on Saturday I met the man whom I think the

greatest boxer in the world. I do not wish to deny that I was under great emotion when I entered the ring as I saw about me great multitudes of American people, and when I heard their ovation I thought they were all French. I wish to extend all my thanks to the American people and especially to the press, for the manner in which I have been treated and now drink a toast to the health of Jack Dempsey.

Before entering the ring Saturday, Carpentier told his manager that if he could not win he desired to "go down with colors flying." Mr. Des Camps said, "We talked it over and Carpentier said there should be no sponge; he said to let the loser go down with a blow on the jaw."

JACKSON NEWS

Mr. and Mrs. L. E. Ridgeway, of Fort Wayne, Ind., motored through Saturday for a visit with Mrs. Mark Sternberger and family. Mrs. Ridgeway returned on Monday.

Miss Frances Moriarty returned to Athens on Tuesday, where she is attending summer school.

John Johnson, of Cincinnati and his daughter and husband, Mr. and Mrs. Coffey, from Los Angeles, California, are the guests of relatives here. The little daughter, Dorothy, entertained those in attendance at Carpentier's on the fourth by her dancing and singing. Mrs. Coffey will be remembered as Miss Augusta Johnson.

Mr. and Mrs. Ray Sims returned to Columbus on Tuesday morning. Mrs. Sims and three children had been visiting with her parents, Mr. and Mrs. D. W. Williams for two weeks and Mr. Sims joined her for the fourth.

Mr. and Mrs. S. E. Stephenson are entertaining Mr. and Mrs. Barnard of Cincinnati. Mrs. Stephenson gave a luncheon for her guest on Wednesday, the afternoon being spent at auction and sewing.

Mr. and Mrs. Walter Russell, of Cincinnati returned to their home Wednesday. Mrs. Russell had been visiting with her parents for a month. Mr. Russell coming up for the fourth. A number of parties were arranged for the fourth, taking their supper out to the Caves and spending the evening in dancing. One party was composed of Messrs. and Mrs. Harold Hitt, Walter Russell, Ray Sims, W. O. Michael, Lew Bragg, W. T. Brown, Reed Powell, Frank Burgess and guest, Mrs. Lisle, Mrs. Cuyler Clark. Mrs. Richard Gordon, Misses Florence Wilson, Maude Jones, Dorothy Eldridge, Mrs. Lawrence Wesson and Messrs. Dwight Jones, Arthur Roberts, Everett Alexander, Dan Coll, Blaine Matthews.

Camping Party
A merry crowd composed of Dr. and Mrs. McClung, Heber McClung and Miss Gladys Richards, of Wellington, the families of Cy Casely, Tom Hughes, Joy Jones, John McDonald and Mr. and Mrs. Lee Hollis, of Columbus, went down to Cava on last Saturday evening and camped until Monday evening.

Prof. J. W. Hank received a message on Monday morning announcing the death of Rev. W. C. Holliday at his home in Columbus. Rev. Holliday was for many years a minister of the Methodist Church and was well known to many Jackson people, but had retired from active service years ago.

At the meeting of the Foreign Missionary Society of the Methodist Church held on Friday with Mrs. John Stewart of Park View the assistants were Messdames Elizabeth Kendall, W. H. Mitchell, George Mitchell, Little McNeer, Kennedy, Leander French and Charles Carpenter. An attendance of twenty-five enjoyed an interesting program and a splendid quarterly report, with refreshments of angel food and ice cream.

A party of sixteen young people, who were the Misses Mildred Jones, Katharine Moore, Margaret Morgan, Glenora Morgan, Hephia McNeely, Thelma Williams, Mary Cavett, Harriet Carrack, Messrs William Johnson, William White, Ed Althart, Ted Gerken, Stanton Gilliland, John Stiffler, Orin McCoy and Edward Callahan took supper at the Caves on the fourth and spent the evening at dancing.

Stick Pin Is Stolen

PHILADELPHIA, July 6.—The stick-pin presented Fred Mitchell by the Chicago National league baseball team, which he piloted to victory in the 1918 pennant race, was stolen yesterday from the club house of the Philadelphia Nationals, together with about fifty dollars in cash. Mitchell, now manager of the Boston Braves, said he did not mind the loss of the money, but that he would have not parted with the pin for several times its value.

OLDTOWN WILL HOLD MEETING

For sometime past the problem of additional Sunday School and recreation space at Oldtown has been before the official board of that church. The members realize that it is impossible to gain the full benefits of the Sunday School teachings where all departments are housed in one room. If the Sunday School is to exert its much needed influence on the people of the community in which it is located it must be adequate in space and equipment.

The church has a great responsibility in the development of the social life and its success in this field is very plainly measured by the interest in and attendance at the various meetings of instruction, worship and devotion.

To meet the above condition the official board has worked out a proposition which will provide sufficient Sunday School class rooms for the present, an excellent center for the social activities of the young people and a hall for any kind of public meeting looking to community betterment.

At the meeting Thursday evening, July 7 at the church the trustees will make known their ideas and have on display plans with estimated figures for doing the work. All persons interested in the welfare and betterment of the community whether connected with the church or not are urged to be present.

THE KILLER

One of the Best Programs Ever Presented by the Exhibit Theatre Starts Today for Two Days. Stewart Edward White's Novel, "The Killer," and Eileen Sedgwick in "The Girl in the Saddle." Don't fail to See It.

Every one loves clean, stirring, breathless melodrama. It fascinates. Stomper is its lure when there is a beautiful girl in distress, helpless and hopeless. In the clutches of a superman who loves music, is a charming host, but who at heart is a crafty killer.

Doesn't your blood boil when you think of that girl's plight, or are you skeptical?

Sunborn, a New Yorker in Arizona for his health was a "show me." And when the killer's net tightened around him—well, hold your breath!

You know how Stewart Edward White's novel, "The Killer," is his most powerful. It has our personal unqualified endorsement!

CINCINNATI POST PICTURE PUZZLE FUN GAME

How Many Objects in This Picture Start with the Letter "C"

The picture above contains a number of objects beginning with the letter "C". Just take a good look at the picture. There are all kinds of things that begin with the letter "C"—like cow, calf, cane, etc. Nothing is hidden; you don't have to turn the picture upside down. Make a list of all the objects in the picture. The names of which begin with the letter "C". See who can find the most. Don't miss any. Fifteen prizes will be awarded for the fifteen best lists of words submitted. The answer having the largest and nearest correct list of words will be awarded First Prize; Second best, 2nd Prize, etc.

Everybody Join In

The "Cincinnati Post" announces a most interesting and amusing puzzle—a puzzle that is different and in which all can participate—from the thickest child to grandfather and great grandma. It really is a puzzle at all, for all the objects have been made perfectly plain with no attempt to disguise or hide them. None are so small but what the poorest eyesight can see them; it is a test of skill. Your ability to find "C-words" determines the prize you win. Right after the dishes are done this evening, gather all the members of your family together, give each one of them a pencil and sheet of paper—and see who can find the most "C-words." We know you will enjoy it, for everyone loves a puzzle.

Open to All—Costs Nothing to Try

The "Post" invites you, Mr. and Mrs. Reader and family, to join in this puzzle game. We know you will find it to be the best game ever—full of fun and excitement, educational and interesting to all. Now that is meant, educational and interesting to all. We venture to say: "You will never have as much fun." It doesn't cost a cent to try. Write down those C-words you look hard, it isn't hard. Study the pictures carefully. It is an interesting puzzle, just bubbling over with fun for puzzle lovers.

This is a puzzle game just for our readers outside the city of Cincinnati. No one living in Cincinnati is allowed to compete.

Observe These Rules

1. Any man, woman or child residing outside the city of Cincinnati who is not an employee of the "Cincinnati Post" or a member of an employee's family may submit an answer. It costs nothing to try.

2. All answers must be mailed by July 22, 1921 and sent to Puzzle Manager, "Cincinnati Post," 1000 Broadway, New York, N. Y.

3. All list of names should be written on one side of the paper and numbered consecutively, 1, 2, 3, etc. Write your full name and address on each page in the upper right hand corner. Do not write subscribers' names on any thing else on same paper with list of words; use separate sheets.

4. Words found in the English dictionary will be counted. Do not use obsolete words. Use either the singular or plural, but where the plural is used, the singular must also be counted, and vice versa.

5. Words of the same spelling can be used only once; however any part of the object may also be named.

6. Do not use hyphenated or compound words; nor words formed by the combination of two or more complete English words; nor words in itself.

7. The answer having the largest and nearest correct list of names of child residing outside the city of Cincinnati who is not an employee of the "Cincinnati Post" or a member of an employee's family may submit an answer. It costs nothing to try.

8. Candidates may cooperate in answering the puzzle, but only one prize will be awarded to any one household; nor will prizes be awarded to more than one group outside of the family where two or more have been working.

9. In the event of a tie for any prize offered, the full amount of each prize will be paid to each tied participant.

10. All answers will receive the same consideration regardless of whether the puzzle is solved by one person or by a group.

11. The "Cincinnati Post" is not responsible for the return of unsolicited answers.

NOTE: In the event the winner of first prize has not qualified with subscriptions and fails to win the full \$1000, the balance of this prize money shall be divided proportionately among the remaining prize winners who have qualified with subscriptions.

You Can Win \$1000

This "Cincinnati Post" Picture Puzzle Game is a campaign to increase the popularity of the "Cincinnati Post" outside the city of Cincinnati. It costs nothing to take part. It is not a subscription contest, and you do not have to send in a subscription to win a prize.

If your list of "C-words" is awarded first prize by the judges, you will win \$500, but if you win second prize, you can win bigger cash prizes by sending in ONE or TWO more subscriptions to the "Cincinnati Post" at \$5.00 a year.

HERE'S HOW: If your answer to the "C-Word" Picture puzzle is awarded first prize by the three independent judges, and you have sent in ONE yearly subscription to the "Cincinnati Post" by mail at \$5.00 (new or renewal), you will receive \$250 instead of \$500.

Or, if your answer is awarded first prize by the judges, and you have sent in TWO yearly subscriptions to the "Cincinnati Post" \$5.00 in all, you will receive \$1000 in place of \$500.

How is this for a liberal offer? But look! We will give extra amounts on all prizes in the same manner. If your second prize, you will receive \$250, and so on down. (See and return in prize list above.)

It takes but TWO subscriptions (new or renewal) to qualify for the BIG \$1000 REWARD. ABSOLUTELY! Two subscriptions is the maximum. Your own subscription will count. Subscriptions to start at some future date. Just write on the order when you want the paper started and it will start promptly on that date.

Anyone residing outside the city of Cincinnati may submit an answer but, only R. F. D. mail delivery subscriptions, or subscriptions to be delivered by mail in towns where The Post has no carrier, will count in the contest.

Address all letters to:

Thanks to a mighty wallop from the bat of Municipal League Harry Dunham, as Central Labor team of the Industrial League, pulled their game with the Excelsiors out of the fire in the last inning. Tuesday evening, the score being 4 to 3. When the Labor lads took up their war clubs in the last half of the seventh frame, the score was 3 to 2 in favor of the Shoemakers, but before a single run had been relieved they had clubbed their way to victory off the offerings of "Rooster" Smith, who did mighty well but who was completely tired out when the last inning was started. It was a great finish to a game that was check full of exciting moments. More men were left on the sacks during the contest than has yet been recorded in the Industrial League. There were many times when a hit would have been very damaging to the hopes of either side. The offerings of Chas. Lucas who heaved for the Herder team were not hard to solve, although the big right hander tightened up in the pinches and pitched unbeatable baseball. It was his own fault that the leaders made three runs off him in the second inning, for he walked a couple of men who were helped along by a pair of real hits and one that is credited to the account of the leaders that should have been an easy out.

The weather, as is well known, was sizzling hot and the wonder is the athletes could go through their performance without dropping in their tracks but they stuck to the end in the second inning, although Pitcher Smith was plainly all in in the seventh inning. He had pitched a game on the morning of the fourth, but was perfectly willing to go in there and do the best he could. He was touched up all along the way, and the fact that six of the first men up in the seven innings got on, shows that staff was getting by because of some horsehoes confined about his person. He pitched as though his life depended upon the result, and delivered a timely wallop that was good for two runs scored by the leaders. When the two or three hard luck games, the Excelsiors were coming when it looked as though he had his contest all done up with a little wobble string. And yesterday it was the same old story. With but three men to get and a lead of one run, odds favored him winning, but the Labor lads set off their big fireworks in the seventh, and the third straight defeat for the Excelsiors was scored.

Some fine baselining was done through the game and some that was not so good. The work of Johnny Grinn at third for the winners stood out very prominently, while George Curran at second and Roy Scout Elmsler in left for the losers were good to look at. The former did drop a fly ball, but he made a couple of catches that showed his calibre as well as brains while his loss to the home plate in the early innings, nabbing Sluggo Dunham was one of the prettiest plays of the game. The hitting of Josephus Daniels Barber was true and steady. Joe getting three out of four and every hit being as clean as a whistle. Curran also got a couple for the Shoemakers, while Grinn, Dunham and Prebis grabbed off two each. Wid Monk, who caught for the winners, only played a star game behind the bat, but poled out a triple in the sixth frame that blossomed into a run and kept the Labor lads into the game.

Lucas pitched steadily, but he was not the man of mystery he usually is, for he allowed 9 hits and fanned but 5 men. His best pitching was done in the fifth inning, when with a man on third and second and none out he fanned two men and got the next on a little lifter. He dug the hole himself by a wild toss on Lowry's sacrifice, but he dug his way out with weakness and disgust.

The Herder team made one in the first. After Grinn had rolled to second Smith's life was saved by a wide check on the part of Doherty, the latter going to second. He scored on

Dunham's one liner to right, the latter going all the way to third on Goodman's poor return of the ball.

Jeannet was tossed out by Barber, Dunham holding third. Howard Monk then rolled to second for the third out.

The Excelsiors came right back in the seventh and ran up a lead that kept getting bigger and bigger as the game progressed and especially when the Labor team failed to dent the rubber. Lowry started the proceedings by fanning. Doherty walked and reached to third on Goodman's hit to right. Elmsler showed a lot of grit at the bat and finally walked, filling the bases. Pitcher Smith with a couple of strikes on him caught a fast one for a single to center. Doherty and Goodman scoring. Banfield was called out on strikes. Curran hit a high one to second that Jeannet failed to touch and Elmsler by a fine burst of speed raced home. Valodin forced Smith at third—a close play.

In the third a fine play by Elmsler saved at least one run. Smith was hit by a pitched ball, only to be forced by Dunham. Jeannet rolled to third. Howard Monk struck a single to left and Dunham tried to score from second. In the fourth inning, for he walked a couple of men who were helped along by a pair of real hits and one that is credited to the account of the leaders that should have been an easy out.

Insurance nine Tuesday evening when they won from the Post Office nine 13 to 8. The losers garnered 14 hits also and they included six doubles, several coming in the last half of the seventh when The Post Office gang staged a rally that had the insurance lads nervous for awhile.

The insurance lads freely sampled the offerings of Lookabaugh and pined up a big lead in the early innings. The four they put across in the seventh was a match for the four the Post Office gang showed in on solid raps. Two men were still on in the seventh when Lookabaugh who had been hitting like a fiend performed the mighty Casey at the last stunt by whiffing at three and closing the game on which darkness had settled some minutes before.

Ohio State took an early lead by annexing two runs in the first. Yapple singled past short, and Lewis did the same past third Schusky was safe on the left fielder's error, Yapple scoring the first tally. Gehres went out on a sacrifice fly to center, allowing Lewis to romp in.

The Postoffice tried to come back in the second but the best they could do was a single score. Woods doubled over the flood wall and scored a few minutes later on a wild throw over third. Ohio State Life got four in the third, Schusky beginning with a single to left. Glascock singled to right and Gehres singled to second, filling the sacks. Hopkins cleared the dirt with a four-out ticket, and the next three men went down one-two-three, the last two fanning the breezes.

Lewis rapped another homer in the fourth and Wallace duplicated in the fifth with Hopkins ahead of him.

In the sixth the carriers bunched their blows and chased in three runs. Staker doubled, Scouten singled, and Woods brought Staker in with another safety. With two down, Bellamy tripled, scoring Scouten and Woods. In the seventh the two teams split eight runs between them. Wallace for the Lifers went safe on Bellamy's error at short. Smith doubled to left and Miller singled, scoring Wallace. Lewis brought in Smith the same way and followed Miller in on a wild peg to third. Lookabaugh for the Cardinals singled to right, Shuler singled to left, and Lookabaugh scored on Staker's one base rap. Arthur's slugged to left but Staker went out at third. Woods doubled over the wall and Arthur scored. Woods then duplicated, bringing in his namesake. Reisinger made it three in the same place and J. Woods tramped in from the second sack.

Reds Lose To Cublets

CHICAGO, July 6—Chicago got the breaks in a pitching duel between Cheves and Rixey and won the final game of the series from Cincinnati today, 3 to 2. Deal's triple and Crane's error, following a hit batsman gave the locals the first two runs. Cheves singled by Killefer and Buck produced the other. Roush's home run, Neale's single, a sacrifice and Crane's double accounted for the visitors' runs.

CLEAN SWEEP

CLEVELAND, July 6—Cleveland made it a clean sweep against Chicago by winning Tuesday's game 10-4. Allan Sothoron, former St. Louis and Boston pitcher, made his first start in a game for Cleveland and while the White Sox made 13 hits off him, he had good control and was effective with men on base. Lack of control was the principal fault of the Chicago pitchers.

THIS IS AWFUL

BOSTON, July 6—Boston lost its 4th successive double header Tuesday Washington winning 7 to 5, and 4 to 3. Johnson held Boston to six hits in the second game and his two slugs had much to do with his team's scoring. Myers, the losing pitcher, singled twice and also lunched off Johnson and in addition made eight assists.
